Hello Sublette County,

This is Albert Sommers in Cheyenne on Tuesday the 26th. Today was designated the second to last day of the 2019 Legislative Session, but it may not turn out to be. We spent most of the day considering concurrences to Senate Amendments and joint conference committee compromises. The Governor also signed several bills, including my bill [HB 247](#) - Broadband development program - amendments.

This afternoon, the Governor submitted his line item vetoes of HB 1 - General Government Appropriations. We will take up consideration of those vetoes tomorrow.

The House considered 7 bills on 3rd reading, all of which passed the House. A few interesting bills included these I supported:

[SF 149](#) – Capitol Complex Oversight

[SF 162](#) - State funded capital construction. This bill funds state capital construction projects that include a roof for the prison, several community college projects, and a few issues related to the capitol renovation.

[SF 104](#) – Wyoming Chancery Court. This bill creates a court for business matters, in order to adjudicate these cases faster.

[SF 118](#) - Tax liability mineral production. An amendment was brought to this bill that will help solve the lien and bankruptcy issues for local government, as it relates to mineral liens. This gives counties a higher priority on liens when mineral companies go bankrupt.

Another 8 bills were laid back for consideration tomorrow.
