

Hello Sublette County and LaBarge, this is Albert Sommers reporting to you on February 9, the 22nd day of the General Session of the 67th Legislature. Today we worked Senate File bills on 3rd Reading and Committee of the Whole.

[SF13 Bar and grill liquor license phaseout](#). This bill increases the number of bar and grill licenses available for cities and towns starting in 2023 and eliminates the statutory caps on the number that could be granted. The bill also includes provisions to include entertainment licenses, meaning that 60 percent of the revenue brought in by a business with a bar and grill liquor license could be from the grill and entertainment or one of the two. Only 40 percent would have to be generated by bar sales. This bill passed the House.

[SF0078 Apprenticeship and job training promotion in schools](#) - passed unanimously out of the House. The bill requires the Department of Workforce Services to provide information to high school students in Wyoming on apprenticeship and on-the-job training programs that may be available to them as a different pathway for additional education.

[SF0017 - Off-road recreational vehicles-safety and insurance](#). This bill requires off-road vehicles to have horns, mufflers, mirrors, and proof of liability insurance at a minimum of \$25,000 if the vehicle will be operated on a public road right-of-way, street, road or highway. There is an exception for ORVs operating in road rights-of-way for agricultural purposes.
